ORGANIZATION OF CITY GOVERNMENT

Tuesday, January 5, 1932.

The members of the city government for the municipal year of 1932, having met for organization, agreeably to the provisions of the city charter, the convention was called to order by Hon. John J. Landers, at ten o'clock in the forenoon.

Hon. John J. Landers made the announcement that, Nathan C. Sibley having been notified of his election to the office of mayor for the current municipal term, was present for the purpose of taking the oath of office. The oath of office was administered by Hon. John J. Landers, who introduced the Mayor to the aldermen and councilmen elect and to the citizens present.

After roll-call by the clerk, Mayor Sibley administered the oath of office to the following named members of the board of aldermen and councilmen, to wit:

BOARD OF ALDERMEN

Ward 1.—Howard W. Kirk.
Ward 2.—Walter L. Moore.
Ward 3.—Claude A. Putnam.
Ward 4.—Winthrop Faulkner.
Ward 5.—Thomas F. Guinnane.

BOARD OF COMMON COUNCILMEN

Ward 1.—Percy A. Hudson.
George F. Knowlton.
Albert V. Hilton.

Ward 2.—George E. Towne.
Frank C. Potter.
Elmer R. Damon.

Ward 3.—Earl W. Little.
Harry H. Burley.
John S. Russell.

Ward 4.—Reginald F. Howe.
Frederick D. Mitchell.
Sidney A. Nims.

Ward 5.—Charles S. Bergeron,
Laurent L. Gregoire.
Richard F. Kepple.

Prayer was offered by Rev. Willis E. Smith.

All wise and eternal Father, thou who art the ruler of the universe. Thou who hast given into our keeping the affairs of our city and the things of life pertaining to the rules of government. We are indeed greatful to Thee for this prerogative in administering justice, mercy and truth. As we open this session of our city Government we pray divine guidance upon each and every member of the council. May Thy richest blessings rest upon each and everyone.

We ask that he who sits in the chair of administration may be strengthened for his task and may he follow the call of his highest and better self. Reveal unto him insight, give to him a perspective of the conditions and situations that one in his position should have. Grant unto him wisdom, knowledge and truth. May he never be as Pilot willing to wash his hands and sidestep issues which hold life at stake. Guide, guard and direct each and every member to whom responsibility has been granted and may these prerogatives challenge them in a way that will lead them to respond to the better interests of our city.

Bless their homes, their companions and their children—if illness or discomfort of any sort abide therein, we pray that these may be removed. Help us to realize that as the home is, so is the nation and that as we are directly responsible for our home life, so also are we directly responsible for our civic and national life. Guide us we ask in Thy name to the betterment of all concerned. Amen.

After the prayer Mayor Sibley delivered his inaugural address. Frank H. Whitcomb was elected city clerk and Charles S. Wright city messenger, and it was voted: that the convention now rise, the aldermen and councilmen to meet in their respective rooms, for organization, and to meet at 7:30 o'clock in the evening for the transaction of general business.

The common council organized by the choice of Frederick D. Mitchell as president and Harry E. Gale, clerk.

THE MAYOR'S ADDRESS

"It is an honor and a sacred trust to be a member of the government of our city and only as we honestly discharge that duty are we keeping faith with our citizens and ourselves.

"It is to be regretted that some of the members of our councils could not continue to give the city the advantage of their excellent spirit, judgment and experience.

"There are many members of the government in new positions, with added duties and responsibilities, positions rightfully earned by effort and faithful performance of their work in the past. Their continued interest and cooperation, combined with the help of our new members, assure the city of a safe and economical administration.

"We are pleased to welcome the return of some who have served the city in the past, but who have not recently been connected with the government.

"The best interests of the city can only be served by the wholehearted help and cooperation (not only of each member of these councils and the superintendents of the various departments) but by every person having anything to do with city affairs.

UNEMPLOYMENT PROBLEM

"The condition of depression and unemployment has been world-wide and while many places are in bad condition there are classes that have taken advantage of the situation to over advertise and exploit their needs.

"We should assist and relieve real distress, endeavoring to let no worthy ones suffer, but also to guard against fostering the inclination of certain classes to be taken care of without any effort of their own to help themselves.

"The matter of finance is always a very important part of any organization, and this year, owing to conditions, more than usual care and study must be given to the many demands made upon us.

CONDITION OF FINANCES

"The conditions that confront us are certainly very serious. It is thought by many that the city government can spend or save as it sees fit; but do you realize that only 30 per cent of the total tax levy is available to be used by the government of your city? The remaining 70 per cent must be raised to pay current expenses and debts previously contracted. Of the total money necessary to finance the city of Keene this year, only this smaller portion can be used for the many requests made upon us.

"No doubt there are citizens or groups who think that their wants are essential and necessary and should be taken care of, but others think their needs just as important and if all were to get all asked for there would not be any possibility of reducing expenses.

"We ask you to be patient until some of the fixed charges can be reduced, which means that the city must practice the most rigid plan of economy, for not only one year but for a continued period.

"There will be some improvements and extensions that will seem to be emergency work and must be done, but beyond these and the maintenance and repair of what we already have, let us be very careful in spending the city's money.

"While our bonded indebtedness may not be excessive for a city like ours, the payments and interest are a drain upon our finances and we should not increase these, but endeavor to reduce them considerably before any more bonds are issued.

VALUATION TOO HIGH

"Our valuation is too high and in many cases not equal. This calls for very careful study, and if properly worked out it would appear that our county and state taxes might be considerably reduced.

"The budget for the coming year has been presented for your consideration and attention. The makers of this budget have given each item a very careful study and we should bear in mind their knowledge and experience as we take action upon it. If certain amounts are appropriated for the various activities it does not follow that these must all be spent. With strict economy, some departments may have the possibility of a balance at the end of the year, but in no case should any department or committee be allowed to show an overdraft.

"Our highways and sidewalks (owing to the good management and careful expenditure of money) are no doubt in the best condition for many years. With the usual upkeep and no major project in view, this department should not show any excessive expense this year.

FIRE DEPARTMENT NEEDS

"The Fire department is in very good shape as to equipment. As you all know to safeguard our insurance rate, it will be necessary to increase the permanent force by one man. The air-whistle should also be installed this year. These additions, as the budget shows, can be made without extra appropriations. Two recent fires fully demonstrated the efficiency of our fire department. The Lane and Foundry fires were excellent stops. Motorists should be warned and if such warnings are not effective some fines might stop the hampering of the department.

"We have seen the completion of the "Babbidge dam and Reservoir" this year and one has but to see this work to realize the benefit of this addition. The public is earnestly requested to look over this work. It is without a doubt one of the finest and best jobs completed in this part of the state. The "Arlington Sewer" is progressing better than expected, favored by the good weather. There are several lines of water pipe that should be cleaned this year.

COMMENTS UPON DEPARTMENTS

"The Police department, has been called upon for much extra duty and expense and should be commended and aided in every way. Their problems are many as upon them depend the morals and safety of the city.

"Our overseer of the poor has been taxed heavily this past year, both in labor and expense. The coming year may not be expected to show any relief from this condition, but the management of this department can be depended upon to handle the situation efficiently, without the expenditure of any but needed help.

"The Keene Visiting Nurse association, is doing a very commendable and necessary work. It deserves our best support and help.

"Our parks have been improved and are in good condition. They have been far more appreciated this past year than ever. The maintenance and supervision of Robin Hood and Wheelock parks is well worth what it cost.

URGES COMMUNITY STUDY

"When the various committees have been appointed it is expected they will carefully inform themselves of conditions existing in each department.

"Let us all be fair and open-minded, able to see each other's points of view and not let any discord hamper the best interests of the City of Keene."

NATHAN C. SIBLEY,
Mayor.

Passed Sept. 15, 1932.

August 22, 1932.

Honorable N. C. Sibley, Mayor,
City of Keene, New Hampshire

Dear Sir:

Agreeably to the Governor's proclamation, the State will loan your City $11,835.75 for the permanent improvement of a section of highway.

This fund will be loaned to the cities without interest, and the Governor and Council will recommend to the incoming Legislature that funds now on hand be appropriated to offset these notes. If this recommendation is adopted by the Legislature the effect would be to have this road building done entirely at state expense.

The location for the expenditure of this fund must be approved by the State Highway Commission and expended under his direction.

The projects will be so prosecuted as to accomplish the maximum distribution of labor to needy workers.

A certified copy of the board's vote must be submitted to this office.

Yours truly,
F. E. EVERETT,
Commissioner.

State of New Hampshire
Highway Department
Concord, New Hampshire.

September 8, 1932

Hon. Nathan C. Sibley,
Mayor.
Keene, New Hampshire.

Dear Sir:

The Advisory Board, named by the Governor in the matter of loans for permanent improvement of sections of town roads as an unemployment relief project, makes the following suggestions as a result of questions asked by several of the towns:

The Method of Payment to the cities by the State.

It is suggested that each city finance the first week's work from its own funds, that it then send its payroll for that week, including names of all workers, hours worked, and wages paid, to the State Highway Department, which will reimburse the town with a check from the State Treasurer's office. Each successive week's work should be handled in the same way, until the allotment by the State is used up.

It is suggested that with the first payroll there be submitted a note for the full amount which the town wishes to borrow from the state (these notes to bear no interest and to be cancelled by the legislature if the recommendation of the Governor and Council is followed, as the number of towns that proposed to borrow the money indicate it may be.) A suggested form for the note is enclosed.

The Labor to be Employed shall all be Local.

The State, while exercising supervision of actual construction, reserves to itself no jurisdiction over the labor to be employed. It is intended that only local labor shall be used, and that the selectmen, the overseer, and the town clerk be the group of local officials who shall determine who within the town is employed. Under the law the town clerk is supposed to register the unemployed, the overseer knows who is receiving relief, and the selectmen are aware of tax delinquencies, etc.

Groups From Which Labor Should be Taken.

There are three groups of citizens from which laborers physically able, should be taken, (1) those receiving poor relief, (2) those who are unemployed and may soon need relief if not provided employment, and (3) those who are delinquent in their taxes, or who may be unless they can be provided with employment which will provide the cash wherewith taxes may be paid. It is suggested that employment be restricted to these three groups, with consideration given in the order here used, but that laborers be paid without deductions.

It is intended that all labor employed shall do an honest day's work. If a person receiving relief refuses to work, complaint may be made to the local court.

Yours truly,
F. E. EVERETT,
Commissioner.

A JOINT RESOLUTION relating to Permanent Improvement of Highways.

Resolved by the City Councils of the City of Keene, as follows:

That the Joint Standing Committee on Highways apply to the State for the sum of Eleven Thousand Eight Hundred Thirty-five Dollars Seventy-five Cents ($11,835.75) for the permanent improvement of a section of highway, the location for the expenditure to be approved by the State Highway Commission, in accordance with the Governor's proclamation and agreeable to the State Highway Department communication of August 22, 1932.

RECOMMENDATIONS

That a suitable pipe be laid from Court St. to connect with the pipe in West Keene.

The need of such a pipe is as follows: if there should be a break in West Street between Pearl Street and McKinley Street every house in West Keene would be without water, and there would be no fire protection.

It seems to me that valuable property in that section of the city ought to be protected.

That the water pipe be cleaned in several streets.

Respectfully submitted,
PAUL F. BABBIDGE,
Superintendent.

REPORT OF SUPERINTENDENT OF HIGHWAYS

To his Honor the Mayor and Gentlemen of the City Councils:

I beg leave to submit the report of the highway department for the year ending December 1, 1932.

With this year's appropriation for oil we were able to oil 26 miles of streets and roads. The application of oil is very important to our streets, giving a hard surface that saves much damage during heavy rains.

Several streets needing an application of oil were not treated this year, and other streets need oiling that have never received an application.

In connection with the state's reconstruction of the Concord Road, the city was offered a contract to build about 2,000 feet of this road.

This contract was taken at a unit price for each item, set by the state as an average price for such work as let to contractors throughout the state, and was taken by the city with an expectation of profit just the same as a contractor would take it.

The cities' total cost for this work was $7,299.42 for labor and materials. The city has received $12,894.86 and a balance received since the close of our fiscal year amounting to $170.60, making a total received for this work of $13,065.46. This shows that the city received $5,766.04 for the use of their tools and equipment on this job.

In connection with the state's unemployment relief construction the city was allotted $11,835 from this fund with the suggestion that it be spent on the Sullivan West road, and that work be done as far as possible by hand labor. This was in no sense a contract job as the state paid only the actual cost of the work.

This work has been completed at a cost of $8,775.18. By agreement between the state and the city the balance of this fund is to be expended on the Branch Road off lower Marlboro street.

Aside from work mentioned above the city government made an appropriation of $2,000 for unemployment relief. This money is being spent on the West Hill Base Road.

In addition to these items the department work has been the general upkeep of the city streets and roads. Rubbish collection, care of trees, etc.

The department has the usual inventory of tools and equipment on hand.

A summary of expenditures by the Highway Department for the fiscal year 1932 for Highway maintenance:

The Park, Cent. Sq., Main, West, Court and Washington Sts.,	$1,432 20
Office labor and supplies,	1,369 18
Superintendent's salary,	3,000 00
Garage (power),	23 20
General maintenance, labor, gas, oil,	9,153 04

The above includes checks from the State Treasury for the Concord Road Project.

ARTHUR A. WALLACE,
Superintendent of Highways.

REPORT OF PARK COMMISSIONER

To the Honorable Mayor and City Councils.

In presenting a report of this department for the past year, attention is called to amounts expended in the improvements and upkeep of the several parks, as follows:

Robin Hood Park and swimming pool,	$1,409 87
Ashuelot Park,	613 00
Wheelock Park,	424 04
Fuller Park,	377 65

The larger developments of the year have been at Robin Hood and Ashuelot Parks. At the former the beautiful grove south of the swimming pool and the adjacent swamp land have been cleared of brush as well as a considerable area on the east side of the pool. Stone walls have been built from the outlet to the beach and this rough and wet area filled in. This fall the water was drawn off, rocks blasted out of the shallow places and a large quantity of sand dumped as far out as the float in an effort to make the bottom and the water less muddy. As a measure of unemployment relief, dead and waste wood is being cut out of various parks, under supervision, at an improvement to the appearance and to the remaining timber. Permits to cut this wood are given needy persons upon recommendation of the Overseer of the Poor and it is probable that the city will be saved the expense of providing 100 to 150 cords of wood by this method.

At Ashuelot Park, the work of beautification started the previous year has been largely completed with several hundred loads of filling. Most of the area has been graded, and seeded, and gravel walks laid out. A hedge has been planted around the outside and plants and shrubs planted. Through the co-operation of Ashuelot Chapter, D. A. R. we were also enabled to add a considerable number of evergreens.

For the coming year it is recommended that the filling and grading of Ashuelot Park be completed and that a start be made at draining and filling the open area south of the swimming pool, where a large and popular playground can be developed.

Respectfully submitted,
ROBERT T. KINGSBURY,
Park Commissioner.

REPORT OF CITY PHYSICIAN

To His Honor the Mayor and Members of the City Councils:

I hereby submit the annual report of my work, as City Physician, for the current year:

January,	$55 00
February,	20 00
March,	43 00
April,	10 00
May,	20 00
June,	10 50
July,	7 00
August,	46 75
September,	00 00
October,	19 00
November,	17 00
December,	6 00
	$252 25

Three times the amount of needed work could have been done if authorized—mostly among the poor, worthy of help—but averse to making their needs known with the publicity attending. Extreme sympathy and patience is needed among these people rather than the satisfied poor.

Keene, N. H., Dec. 11, 1932.

Respectfully submitted,
ELIZABETH BASS REED.

REPORT OF THE BOARD OF HEALTH

To His Honor the Mayor and Gentlemen of the City Councils:

We hereby submit the annual report of the Board of Health, together with the report of the Health Officer for the year ending December 1, 1932, and we are pleased to note that the Health Officer's report shows that there has been the least number of contagious diseases reported this year, that there has been for several years, and we feel that the City is in a very satisfactory sanitary condition.

We refer you to the Health Officer's report for a more detailed account of the work accomplished in this department.

Respectfully submitted,

A. A. PRATTE, President,
PAUL F. BABBIDGE, Secretary,
JOHN H. SIMPSON.

December 1, 1932.

REPORT OF THE HEALTH OFFICER

To the Board of Health:

I hereby submit my report as Health Officer for the City of Keene for the year ending December 1, 1932.

There has been the least number of contagious and infectious diseases reported during the year that there has been for a long time. There have been only 46 cases reported during the year, which is a very low record for a City of nearly 14,000.

I wish to call the attention of parents to the law in regard to the reporting of measles, chicken pox, mumps, and whooping-cough, and to warn them to keep children, with any of these diseases at home, and not allow them to play with other children on the street.

COMMUNICABLE DISEASES REPORTED

Chicken Pox,	10
Diphtheria,	1
Gonococcus infections,	2
Measles,	5
Mumps,	5
Scarlet Fever,	12
Syphilis,	5
Tuberculosis,	4
Typhoid Fever,	2
Total,	46

Deaths from communicable diseases:

Diphtheria,	1
Influenza,	1
Pneumonia,	10
Tuberculosis,	3
From other causes,	180
Total deaths for the year,	195

Death rate per 1000, 13.09.

SANITARY INSPECTION

This important work of the department is increasing each year, not only in the City proper but on the outskirts as well. The increasing number of small stores, and road stands, and over-night-camps that are continually starting up, requires no little attention to keep them in a sanitary condition so that the health of the public may be protected. These places have all been inspected by myself, and often as possible by the State inspector, and I think that you will find by his report that he found them in a very satisfactory condition.

GARBAGE COLLECTION

The contract for collecting garbage in the City expired September 1, the job was put up for bids, Mr. L. O. Bardwell was the low bidder of $2,000.00 and the contract was let to him at a saving of $1,000.00 less than the previous contract. Mr. Bardwell's work has been very satisfactory so far. I wish to call the attention of the public to the fact that they must keep garbage cans where they will not freeze, as it is impossible for the collector to get it out of the can if it is frozen.

MILK SUPPLY

During the year I have issued 124 milk licenses to dealers and producers, revoked one and refused several that did not have sanitary arrangements for handling milk, the milk dealers have had a very good supply of milk all the year, which is quite remarkable in a season as dry as the one just passed. All cows in Cheshire County where the most of our milk comes from are tuberculin tested by the State, so the public need not have any fear from this source.

In closing I wish to express my appreciation for the help and co-operation given me by the Board of Health, the school physician, school nurse, and district nurses, also the medical profession, and the public in general.

Respectfully submitted,
FRED C. NIMS,
Health Officer.

December 1, 1932.

REPORT OF THE PLUMBING INSPECTOR

To His Honor the Mayor and Board of Alderman:

Respectfully submitted,
RALPH H. CLARK,
Inspector of Building.

REPORT OF TRUSTEES OF KEENE PUBLIC LIBRARY

To the Honorable Mayor and City Councils:

Gentlemen:

The Trustees of the Keene Public Library submit the following report:

Only the most needed repairs have been made on the library building during the past year. Your attention is again called to the necessary upkeep of the building by painting, and a new roof over the stack. This must be done as soon as possible.

Mr. Clifford Farrar has been engaged as janitor in place of Mr. Locke, who resigned. His work is most satisfactory.

In spite of a remarkable increase in every department Miss Saxton has demonstrated anew her ability and interest in library affairs, as aided by an efficient staff, the work has been carried on with great economy in a most commendatory manner. The importance of a well maintained library is emphasized at such times as these, when so many are unemployed, for it is through the influence of good books the morale of a community is upheld and the education of all people encouraged and helped.

The librarian's report hereby appended gives statistics and details.

MARY A. A. PRENTISS,
Secretary.

December 6, 1932.

REPORT OF LIBRARIAN

To the Board of Trustees of the Keene Public Library:

The report of the librarian for the year 1931-1932—the 58th annual report.

A very gratifying feature of the work of the public library is its growth in circulation, in other words the measure of its service to the city. The past year has seen a large increase in library patronage. The circulation of books for home reading was 112,118, adding the number of books lent to schools, 447, the total circulation is 112,565, an increase of 15,702 over the last year's record.

During the year, 1,117 volumes, of which 92 were gifts, were added, but 525 were lost and discarded, leaving a net gain of 592 and a total number of books at the end of the year of 29,393.

There were 910 new borrowers registered of whom 352 were juvenile. The registration since September 1930 is 5,676.

The children's department has had a busy and interesting year. 23,036 books have been given out to young people, a gain of 2,479 over last year. Instruction in the use of books and library tools is one of the activities which goes on from year to year both to individuals daily and in class work with the pupils of the Junior High schools. Book week happenings included a travel talk, marionette plays, a pageant of book characters and dramatized scenes from favorite stories, all given by the young people themselves. Ten story-hours have been held with an average attendance of 32. A special treat was arranged for junior high pupils in the coming of Prof. Eric P. Kelly of Dartmouth College, with his exhibit of Polish costumes, pictures and embroideries, to tell of his experiences in Poland. The one new undertaking was the establishment of a deposit station, in April, at the Symonds school for the benefit of the younger boys and girls of West Keene and the Four-corners district who were too far away to use the library. The circulation of 994 shows it was needed and has been appreciated. The experiment was made possible through the co-operation of the Superintendent of schools and the teachers of the Symonds building.

The Reference and reading rooms continue to be filled to capacity at busy times of the day.

Thanks are due the Trustees for advice and to the Staff who with very little additional help have willingly carried on the increased work of the year.

Respectfully submitted,
MARY LUCINA SAXTON,
Librarian.

The following are new actions brought during the present year:

Plaintiff	Defendant	Action Begun
John P. Wright	v City of Keene	Oct. 20, 1931
Faulkner & Colony Mfg. Co.	v City of Keene	Dec. 31, 1931
Demetrius Latchis	v City of Keene	Jan. 12, 1932
Alice H. Ellis et al	v City of Keene	Jan. 15, 1932
J. J. Newberry Co.	v City of Keene	Jan. 15, 1932
City of Keene	v Louis Tatleman	Aug. 26, 1932
Faulkner & Colony Mfg. Co.	v City of Keene	Dec. 1, 1932

In the suit of Harry F. Mason, the New Hampshire Supreme Court on May 3, 1932, handed down a decision in favor of the defendants.

In the suit of Herman Claywood, the City of Keene has filed a motion asking that the suit be dismissed on the ground that the Superior Court has no jurisdiction.

In the suit of City of Keene against Harry Crocker, the defendant was given until December 1, 1932, to file a petition with the city councils for modification of the zoning ordinance as it affects certain land, including the plaintiff's land, on Arch Street. Failing this, the defendant is to have until January 1, 1933, to file a bill of exceptions to the decree which the City of Keene obtained in the Superior Court.

The suit of City of Keene vs Louis Tatleman involves an alleged violation of the zoning ordinance by the defendant's use of part of his land on Winchester Street.

The suit of John P. Wright is in the nature of a friendly action to have the Superior Court determine the exact boundaries of Court Street in the vicinity of the plaintiff's residence. The exact location of the boundaries as fixed by an old decision of the Superior Court is impossible of determination by reason of the disappearance of certain land marks.

The remaining suits are actions for abatement of taxes. Of these, those that were begun in 1929 and earlier were tried in the summer of 1930 before referees commissioned by the Superior Court. The referees, Judge John A. Spring and Edgar C. Hurst, Esq., of the State Tax Commission, filed their reports about the middle of July.

In the litigated cases of Demetrius Latchis, and those brought by him in 1930 and after, reduction in valuations were made as follows:

Year	Tax Assessors Valuations	Reductions in Valuations	Per Cent Reduction	Reduced by
1926	$324,070	$26,100	8.05%	Referees
1927	324,070	11,100	3.43%	
1928	354,000	41,100	11.61%	
1929	354,000	45,850	13.23%	
1930	360,000	60,000	16.67%	Board of Aldermen
1931	330,000	56,500	17.12%	
1932	315,000	61,000	19.37%	Board of Assessors

The settlement of the suits for the years 1930, 1931 and 1932, while not so favorable as the reductions allowed by the referees for the years 1926 to 1929, was the best that could be obtained by counsel for the city in a compromise and, it being questionable whether further litigation would result in any material advantage to the city, your counsel was glad to recommend settlement on these terms. The abatements for 1930 and 1931 were made by the Board of Aldermen, while the abatement for 1932 was made by the Board of Assessors, no suit having been filed for that year.

As the result of these reductions in valuations, the refund to Demetrius Latchis amounts to $12,019.47 including interest and costs. Of this amount, $6,451.60 is to be applied in payment of his 1932 taxes. Of the remainder, $3,067.87 is to be paid in cash and $2,500 by note due December 1, 1933, with interest at the rate of 6%.

In the J. J. Newberry Company suits the referees found that plaintiff's property was not over valued but, by reason of disproportion, the plaintiff was allowed an abatement of 12.32% of the tax paid for 1929. The suit for 1930 was settled by an agreement to refund the same percentage of the tax paid for this year, the plaintiff agreeing to dismiss its suit for abatement of 1931 taxes. Accordingly, the J. J. Newberry Company is to be refunded the sum of $1,542.09, including interest and costs. Settlement on these terms was recommended by your counsel and the abatement was made by the Board of Aldermen.

In the Alice H. Ellis et al suit, the referees found that the plaintiff's property was not over valued but, by reason of disproportion, the plaintiff was allowed an abatement of 12.30% of the taxes paid for 1929. The suit for 1930 was settled by agreement to refund the same percentage of the tax paid for 1930, the plaintiff agreeing to dismiss its suit for abatement of 1931 taxes. Accordingly, Alice H. Ellis et al is to be refunded the sum of $1,888.52 including interest and costs. Settlement on these terms was recommended by your counsel and the abatement was made by the Board of Aldermen.

In the litigated cases of Faulkner & Colony Manufacturing Co., Inc., and those brought by it in 1930 and after, reductions in valuations were made as follows:

Year	Tax Assessors Valuations	Reductions in Valuations	Per Cent Reduction	Reduced by
1928	$447,795	$112,541	14.65%	Referees
1929	466,975	92,040	13.25%	
1930	416,950	113,900	27.32%	Board of Aldermen
1931	410,755	129,372	31.50%	
1932	399,055	136,504	34.23%	

For the years 1929 and 1930, in addition to slight reductions in the valuations of lands and tenements, the referees reduced the valuation of the plaintiff's mills and machinery from $210,000 to $110,000. On the other hand, the referees found that the plaintiff had undervalued its stock in trade for the year 1928 the sum of $39,091 or 21%, and found that for the year 1929 the plaintiff had undervalued its stock in trade the sum of $62,010 or 29%, making an average undervaluation for the two years of 25%.

The plaintiff having made its stock in trade returns for 1930, 1931 and 1932 on the same basis on which it made its returns for 1928 and 1929, there were prospects of increasing its stock in trade valuations for 1930, 1931 and 1932 a total of over $118,000. In view of this, and the further fact that during

1930, 1931 and 1932 the plaintiff had spent over $60,000 on new buildings and machinery, your counsel was unable to recommend settlement of the suits for 1930, 1931 and 1932 on the terms proposed by the plaintiff and accepted by the Board of Aldermen.

As the result of these reductions, the Faulkner & Colony Manufacturing Co. Inc. is to be refunded the sum of $15,896.14, plus costs of $142.00. The costs are to be paid in cash and the remainder is to be paid in three notes: the first for $5,000, due January 2, 1933, without interest; the second for $5,000, due January 2, 1934, with interest at the rate of 5%; the third for $5,896.14, due January 2, 1935, with interest at the rate of 5%.

This completes the third year of my service as City Solicitor. When I first took office there were 17 suits pending against the city, 11 of them being for abatement of taxes. During the three years of my incumbency 10 additional suits were brought against the city, 9 being for abatement of taxes by plaintiffs' who had suits pending when I first took office, the other being the suit of John P. Wright for determination of the boundary lines of Court Street. During these three years the city brought two suits against citizens, both being for flagrant violations of the zoning ordinance, one having been decided in favor of the city by the Superior Court, the other remaining untried.

All of these suits were disposed of by trial or other means, with the exception of the following:

Plaintiff	Defendant	Action Begun
Herman Claywood	v City of Keene	Dec. 7, 1929
City of Keene	v Harry Crocker	Mar. 17, 1930
John P. Wright	v City of Keene	Oct. 21, 1931
City of Keene	v Louis Tatleman	Aug. 26, 1932

A very considerable part of my time having been consumed in defending our city in this period of heavy litigation, I feel that for the present I must devote all of my time and effort to my private practice. I do not wish, therefore, to be considered for re-election.

Although often trying, I shall number these three years among the most enjoyable of my practice, due to the friendly and helpful cooperation of those members and employees of the city government with whom I have had the pleasure to serve our city.

Respectfully submitted,

HENRY C. ARWE,
City Solicitor.

REPORT OF THE CHIEF ENGINEER OF FIRE DEPARTMENT

To His Honor the Mayor and Board of Aldermen:

I hereby submit my report for the year ending November 30, 1932.

There were 25 bell alarms, 324 still alarms, making a total of 349 alarms. 23 of these calls were out of town.

The estimated value of buildings damaged by fire,	$712,643 00
Damage to buildings,	38,854 55
Insurance on said buildings,	535,360 00
Insurance paid,	38,854 55
Value of contents of buildings,	407,444 58
Damage to contents,	67,894 76
Insurance on said contents,	404,543 18
Insurance paid,	67,884 76

The number of alarms for the year will be the largest the department has ever answered. Also the fire loss will be the largest, for the reason that a large per cent of the fires for the year have been in the high valued sections. But taking in consideration the value of buildings and their contents, where the fires have occurred, compaired with the loss will give the department some credit for their efforts.

There has been another man added to the permanent force of the department. This makes five permanent men and a Chief in the permanent force. There has also been added to the department for new equipment, a compressed air outfit for the outside alarms.

This equipment consists of three large air tanks 4 x 10 feet and carry a pressure of 120 pounds, these tanks are all equipped with safety valves, also an air-compresser with a ten horse-power motor, a switch-board with automatic switches and pressure regulators, and an 8-inch three-chime whistle. This outfit has a storage of air that will give the department two full alarms in succession.

This equipment was installed by all local men and by so doing the city saved from $300 to $500 on the installation.

The Motor Fire Apparatus and its equipment are in very good condition. There has been a new engine installed in the Kissel Combination truck, as the old one was beyond repairing. This truck is used for forest fires to carry men and equipment in the forest fire season, also to truck hose to and from fires, and in the winter months is loaded with fire hose.

The Fire Station has been painted on the outside by the permanent men at the station. New lead flashing has been put on the barn roof and the tin roofs have been painted and patched.

The department has on hand 9,450 feet of double jacket rubber lined hose and 1,200 feet of linen unlined hose at South Keene in their house. There has been 350 feet of unserviceable hose turned over to the Water Department, also sold to them 200 feet of new and serviceable hose.

The Fire Alarm System and its circuits are in very good condition. There has been purchased two fire alarm boxes to replace old ones, these are Box 27 at the corner of Washington Street and Washington Ave., also Box 43, West Street at Faulkner and Colony mill opp. Ashuelot Street. Fire alarm wires changed over to north side of Vernon Street and poles on south side removed.

Also fire alarm wires on Ralston Street have been changed to the West side of the street and the poles on the east side of the street have been removed.

Box 47 which was at the old Glue company's plant on Court Street has been changed to the junction of Court Street and Allen Court.

RECOMMENDATIONS

The Board of Engineers recommend the purchase of 1,000 feet of fire hose, also that two new fire alarm boxes be purchased to replace old ones now in service.

To His Honor the Mayor, and the Joint Standing Committee on Fire Department, also to the Police Department, and the Board of Engineers, Officers and members of the Fire Department, I extend my sincere thanks and appreciation for the aid and support rendered me during the year.

Respectfully submitted,
EUGENE B. RILEY,
Chief Fire Department.

REPORT OF SEALER OF WEIGHTS AND MEASURES

To the Honorable Board of Mayor and Aldermen:

I have attended to the duties of Sealer of Weights and Measures, the same as in former years.

The testing of fuel oil trucks and meters and several new gasoline statoins has added to the amount of work required.

EDWIN D. HAYWARD,
Sealer.

Keene, December 8, 1932.

		$57,276 06	
		$237,918 01	+ 9,382 19

We recommend that the sum of $238,000.00 be raised by taxation.

In spite of the committee's attempt to reduce departmental appropriations to sums considered to be commensurate with the bare necessity of maintaining the City's equipment and of carrying on efficiently, service to the community, there still remains a large sum recommended to be raised by taxation. This has been chiefly due to a sharp rise in the City's indebtedness, and to added sums for care of the needy. Over $22,000.00 has to be provided for rebates on taxes from the settlement of recent litigation. Also interest on indebtedness has increased due to interest on the aforesaid rebates and to discounts on borrowed money and discounts allowed on taxes. Last year part provision was made for these discounts in an item called "Money not otherwise expended". It must also be noted that the income from "Intangibles," interest and dividend taxes, and auto permits have declined nearly $15,000.00 from last year.

Thus it is evident that a decrease of some $39,000.00 in appropriations for controllable and semi-controllable accounts has been more than offset by an increase of some $48,000.00 in appropriations for uncontrollable accounts, with a further decrease in income as noted above. The item "Money not otherwise appropriated" has been reduced from $28,500.00 to $5,000.00 this year simply as an emergency fund.

It should be also brought to mind that an appropriation has not been made for Trunk Line Maintenance, since this item will probably be taken care of by the State. Nor has the committee recommended an appropriation for repayment to the State of $11,835.75 without interest for the Sullivan Road project, as it understands that the probability is that the State will not request repayment of this sum.

Signed:

NATHAN C. SIBLEY,
WINTHROP FAULKNER,
SIDNEY A. NIMS,
PERCY A. HUDSON,
Joint Standing Committee on Finance.

REPORT OF CITY AUDITOR

To His Honor the Mayor and Members of the City Councils:

I have examined the bonds, notes, deposit books and other securities belonging to the City in the hands of the city treasurer and the trustees of trust funds, and find the same correctly set forth in the proper schedules to be printed in the annual report.

I have also examined the books and vouchers of the several officers and find that their collections and deposits for the year ending Nov. 30th, 1932, agree with the recapitulation of receipts and expenditures reported by Finance Committee.

I have examined, verified and allowed all claims paid by the City during the fiscal year, amounting to $999,721.92 and the disbursements as reported by the City Clerk agree with the entries made by the Auditor in his book.

Respectfully submitted,
WALTER M. HUBBARD,
City Auditor.
